**De Beer Refinish' Vision**

A programme that is both compact and complete

As a result of high levels of efficiency throughout all our operations, we are able to supply a worldwide range of compact, complete and high quality vehicle repair paints at competitive prices. This ensures an ideal balance between price and quality. Our vision is to develop products that enable our customers to offer a cost-effective service thereby improving their own profitability.

**La vision De Beer**

La gamme De Beer est à la fois compacte et complète

Grâce à son expérience technologique acquise au fil du temps et à la bonne gestion de ses ressources, De Beer est en mesure de fournir des peintures de réparation automobile de qualité supérieure à des prix très compétitifs. Le rapport qualité / prix est ainsi optimal.

Notre objectif est de développer des produits permettant à nos clients d'offrir un service économique et d'améliorer ainsi leur propre rentabilité.

**La visión De Beer Refinish**

Un programa completo y compacto

Debido al alto grado de eficiencia en toda nuestra gestión empresarial estamos en condiciones de distribuir en todo el mundo sistemas de pinturas de alta calidad, completos y compactos, para el repintado de coches a precios competitivos. Y todo ello con una relación precio/calidad óptima. Basándonos en nuestra visión, desarrollamos productos con los cuales nuestros clientes pueden trabajar de forma económica para mejorar la rentabilidad de sus empresas.
